

WHS Systems in Microsoft 365

Untapped Potential | Endless Possibilities

Microsoft 365 — a new platform for WHS management

- Online WHS System
- Meet obligations & manage risk
- Based on ISO 45001:2018
- Pages, tools & documents
- Flexible, simple & easy to use
- WHS and IT advice

Meet obligations, minimise risk, safeguard staff & improve workplace culture

Toolkit Solutions' 365 Systems give you powerful tools to bring your WHS and wider business systems under control, ensure your business is compliant, incidents are prevented and your workplace is protected — wherever it may be.

Building on the power and potential of Microsoft 365, our 365 WHS Systems are designed with business in mind and the belief that size, cost and location should not be a barrier to managing health and safety at work.

STARTER, PLUS and ENTERPRISE packages for small, medium and large organisations provide smart online WHS solutions for businesses of all shapes and size.

Available through Kitney's online resourcing site Toolkit Solutions, let us show you how to use your Microsoft 365 licence for your WHS and business management.

Who are the 365 WHS Systems for?

- Business Owners
- Directors & Executives
- Compliance Managers
- HR Managers
- WHS Managers/Directors
- WHS Advisors/Officers
