

# Kitney Toolkit Solutions

Creating better, safer workplaces

Simple and smart solutions for business

- Systems, documents & training
- Designed with business in mind
- Understand & meet obligations
- Minimise risk & increase efficiency
- Improve workplace culture

## Meet obligations, minimise risk, increase efficiency & improve workplace culture

Toolkit Solutions gives you powerful tools to help bring your WHS/OHS and business systems under control, to ensure your business is compliant, incidents prevented and your workplace is safe and efficient.

Designed with flexibility in mind - for small and start up right through to larger enterprise organisations. From a single document through to a comprehensive, customised and flexible system supported by specialist advice, e-books and training.

### Toolkit 365 Systems

Online WHS Systems for small, medium and large organisations - using the power and potential of Microsoft 365 SharePoint and applications
